ADJUSTABLE DOUBLE EDGE RAZOR

ADJUSTABLE provides 2 options of blade exposure by switching the lever.

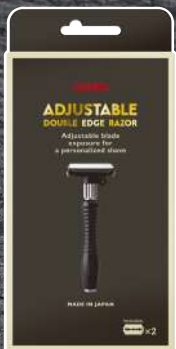

Option 1:
Mild shave provides less blade exposure for a sensitive skin.

Option 2:
Aggressive shave provides more blade exposure for dense, coarse hair, and normal skin.

Mild or Aggressive?
Whichever you like

Voice of Customer

- This Feather Adjustable is perfect for beginners as their first razor, people who learn to know their beard better.
- I don't encounter any irritation, nicks or cuts.
- I like the handle shape a lot, it has a great grip! Surface is also nice.
